# 12U Network Cabinet

NPX06-Z10

Overview

This 12U Network Cabinet manufactured by LongXing can be wall-mounted or self standing and can be made of high-quality Cold Rolled Steel, Stainless Steel or Galvanized Steel. Customized design upon your request. It is great for organizing your networking equipment, allowing you to securely position your rack mount equipment exactly as needed. The server rack offers 12 U of storage space and is designed to accommodate standard 19in (wide) rack equipment.

Features

- Light weight for easier transportation
- Three installation ways
- Lowest priced rack mount enclosure
