

Fiber Optic Accessories

Cable Management Spools

Overview

Fiber slack storage units are devices used to coil up and store additional length of fiber optic cable. This secures the cable while eliminating slack. The fiber slack storage device can be mounted aerially, on a wall, or inside a vault. Primus Cable supplies half round spools, plastic Sno-Shoes, and cable management round spools to organize fiber.

Features

- Half Round Spool
- Material: Plastic
- Color: Customizable (Black, White, Grey, etc)
- Fiber Inside Corner, Inside corner for the self adhesive single fiber molding.
- Fiber Flat Elbow, Flat elbow for the self adhesive single fiber molding.
- Fiber Outside Corner, Outside corners for the self adhesive single fiber molding.
